WORK EXPERIENCE
Product Lead & Co-Founder AmberLink Mar’ 26 - Present
• Led end-to-end product development and launch of a 0→1 multi-sided B2B marketplace, owning product strategy, roadmap, and agile delivery across payments, logistics, and quality-assurance workflows for six stakeholder groups. • Conducted 60+ user interviews across user groups and synthesized user insights into product requirements, prioritizing trust and supply-chain features, reducing end-to-end procurement time by 50% (18→9 days). • Defined North Star and acquisition metrics, ran A/B tests and cohort analysis, and optimized conversion funnels, scaling to 15K+ farmers, 600+ suppliers, and 150+ buyers, driving 500+ transactions at ₹3L AOV and ₹7.5L MRR within 2 months.
Product Lead HEBE (Family Business) Jul’25 - Present
• Identified procurement and vendor management inefficiencies, built a real-time operations dashboard with automated reporting and alerts, growing the supplier base 3x and reducing order fulfilment time by 33% (21→14 days). • Built an AI-powered lead qualification and outreach automation system, filtering high-noise B2B pipelines to surface relevant buyers, acquiring 15+ enterprise clients and driving 31% YoY revenue growth (₹1.6Cr→₹2.1Cr).
Associate Consultant Nation With NaMo Jul’23 - Jul’25
• Built executive-facing analytics platforms across 5 state-level campaigns, leading a 12-member team to integrate survey data, historical voting patterns and field intelligence, enabling data-driven decisions across strategy, outreach, and resource allocation. • Led growth optimization across 3 campaign platforms, driving 1.2M+ user signups and 35% engagement improvement through A/B testing, funnel optimization, cohort-based messaging, and localized acquisition strategies. • Designed electoral intelligence systems segmenting 65K+ polling booths and 1.5M+ voter profiles into actionable cohorts, building real-time dashboards and predictive analytics capabilities that reduced leadership decision-making time by 40%. • Identified female voter participation barriers through field research in rural Raisen, designed and deployed a community intervention across 1,296 secure "Pink Booths," driving a 38% increase in turnout. • Directed a governance initiative to expedite Forest Rights Act claims by digitizing village GIS audits and coordinating cross-departmental workflows, securing land titles for 2,800+ families within nine months.

Summer Intern DRDO Jun’22 - Jul’22
• Analyzed IC engine parameters and supported ATAGS ejector design, improving efficiency and reducing iteration time by 15%.
Summer Intern Hyundai Jun’21 - Jul’21
• Analyzed vehicle systems and manufacturing workflows across 10+ assemblies, impacting 200+ units/day in production output
